Women's Development Cell

Women's Development Cell (WDC) of Hindu College has been functioning since 2006. This Cell, a mandated body as per Section 3.2 (15) of UGC Guidelines, is meant to lay the foundation against the patriarchy and work towards building a better society which accepts the maxims of equality. It is committed to nurture the strength of women students as well as to create a sensitized environment leading to gender equality. It attempts to sensitize and raise awareness of gender discrimination, women's rights, and empowerment concerns among the student and teaching communities. It is an intersectional cell that works towards creating a positive environment in the college campus, towards the upliftment of the marginalized communities and towards the alleviation of people from all walks of life. In the past, it has successfully organized sessions on female foeticide, sexual harassment, besides organizing self-defense workshop in association with Delhi Police. The Cell endeavours to involve both male and female students in its information dissemination and sensitization activities, so as to foster a healthy dialogue based on mutual trust, respect and co-operation. Thus the human resource development and awareness programmes on issues relating to gender discrimination, women's rights and empowerment are key functions of the Women Development Cell. Gender equality and the empowerment of women lie at the heart of the Sustainable Development Goals, and they are vital to fully realizing the rights and potential of all persons. The Women Development Cell of Hindu College is therefore mandated to work towards such processes based on the recognition that women and other people at the margins are not victims who need saving and protection, rather they must be empowered and recognized for their capability.
