DU Open Book Exam: Some Suggestions

The answer sheet

Sec. 1

 Prepare the OBE answer format beforehand to save crucial time. It should look something like this.

will encode an every page	signature on every page

Examples tarm and tended	
Three and the	Lebra, & A const. period A
14.28 56 PAP=4 1284	tararea l
TAILS OF 1-1 PARES -	MARSH BURUSSAY MANA

5+# s for = se se 9.	•

- Estimate the number of pages one answer would take, and leave those many pages and perhaps, one or two more for each answer
- · Page numbers must be written at the bottom of the page
- Decide which app you'd we to use well in advance and test it. Similarly, decide
 well in advance whether you'd like to send your answers as PDFs or images.
- Once the answers have been written and scanned, check the scanned copies of the answers thoroughly for blurred parts and illegibility
- Make sure your scanned answer sheet looks the way you'd like it to look. If you're not satisfied, scan again/modify the document if you can.

The portal

- It is best to log in on/before time and accept the unfair means declaration so that you have access to the pinge where you upload answers from the outset
- Upload answers against the specific question number. For instance, if you have attempted questions 1.3 and 6, upload the files against those dialog boxes respectively.
- Once you're done uploading and have clicked on 'submit, before the final submission, preview the answer sheets re-download the uploaded answer sheets and look for any potential issues
- Once you ve checked the uploaded files submit the answers. You will receive a mail like this

DU Open Book Exam: Some Suggestions

 Preserve this mail, and take a screenshot of the same. Just in case there's any issue in the future this will be crucial

Preparing for the exam, writing the exam

- It is best to have ready written notes/ assembled paragraphs on prominent lopics in a text. For example, you can have ready paragraphs for a question on the significance of the city in *Mrs. Dalloway.* Of course, the answer has to be tailored and oriented as per the demands of the question, but it is good to have the content ready.
- Goes without saying (and yet, we must say it) that knowing your text well will help
 you write an organic answer in an exam where people will en masse write the
 same things. An original style and personal interpretation and articulation will
 help you stand out if the examiner is reading what you've written.
- Since this is an OBE, answers have to be preferably more descriptive than usual So less might not be more. If you think you're just filling sheets at any point in writing the answer stay unapologetic. That being said, make sure you don't include things that derail the arguments you're making.
- Clock-time is truly of the essence in the DU OBE universe (even when you
 attempt papers on modernism and postmodernism). Try finishing your exam as
 soon as possible, because the most unsettling part of writing the OBE is
 scanning and uploading and it will take 15 minutes (and several centuries of
 anxiety) at the very least.
